REMARKS**(Appl. No. 10/666,575-Amendment B)**

By the foregoing amendment, the specification has been amended at pages 25 and 26 to change incorrect reference numerals. There have been no changes to the claims.

Submitted herewith are corrected drawing sheets. In sheet number 4, an incorrect reference number has been removed, and in sheet number 5, reference numerals 118 that were incorrectly changed in the last amendment to 18 have been changes back to 118. Withdrawal of the objection to the drawings is requested in light of this drawing amendment.

Enclosed is a terminal disclaimer with respect to claims 18 and 19. Withdrawal of the rejection of claims 18 and 19 under the doctrine of nonstatutory double patenting is requested in light of the submission of this disclaimer.

All outstanding issues are now resolved, and all claims rejected or objected to should now be allowed. All other claims have already been allowed.

Accordingly, this application should now be passed to issue.

Respectfully submitted,
